

UNIIQ

E-05

STANDARD
EN 717-1

Technical information

Fronts manufacturing (e=19 mm): Lacquered 19 mm thick MDF board with super matt finish paint.

Sides manufacturing (e=16 mm): Lacquered 16 mm thick MDF board with super matt finish paint.

Internal structure manufacturing (e=16 mm): laminated particle board, onix finish.

Drawer structure: Particle board lined with onix finish, 12 mm thick.

* All the boards used in manufacturing this furniture are classified as E05 grade with low formaldehyde content.

*Edges as per design: PVC, ABS. (edging with PUR adhesive)

Fittings

Hooks: High-strength hook with three separate adjustments accessible from the front. Load capacity of 70 Kg.

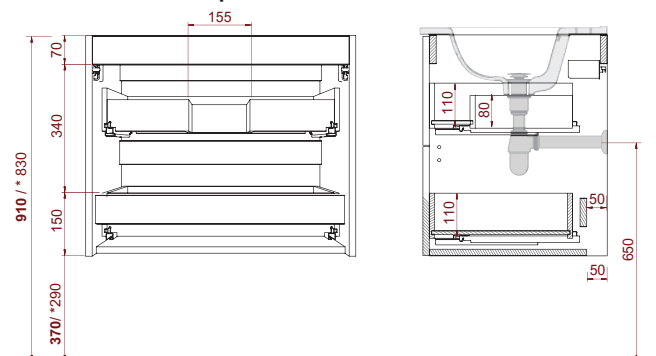

Rail: Hettich hidden plus extraction rails with soft close and height adjustment. Max. load capacity 25 Kg.

Handles: Handle in various finishes: Gloss chrome, soft black, soft white.

UNIIQ - Mineral solid sink - 600/800/900/1200

Certifications

- CE Marking
- Declaration of Performance (DoP)
- ECV - Raw material of plant-based origin
- ECV - Raw material from renewable sources

Finish

White

Technical Characteristics

_Basin manufacturing (15 mm):

Basins manufactured in Mineral Solid: Compound material made of natural mineral loads and resin. Covered with an opaque aesthetic effect coating. This coating combines excellent strength characteristics with complete surface re-establishment.

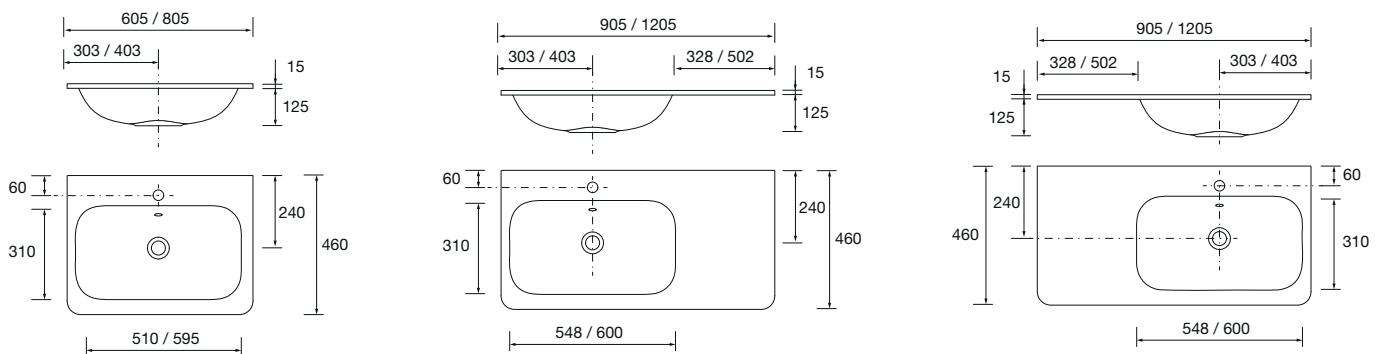

With chrome and white overflow.

Syphon, pop-up drain stopper and tap not included.

Sink Dimensions

Uniiq - Counter top with thickness 12 mm - 600/800/900/1200

Technical Characteristics

_Countertop manufacturing (12 mm):
Countertops machined to the size of the furniture models in the MAM series.

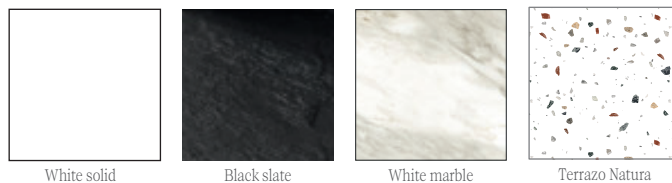

- White Solid Surface, Terrazo Natura and white marble finish: Compound material of polyester resin with very fine uniform solids of natural mineral composition called ATH, aluminium trihydrate.
- Black slate: Compact material with monochrome core. Resistant to abrasion and moisture, with good functionality and appearance. They need no additional edging or any work on the surface finish.

The countertops have a machining option for the tap, top basin drain and left- or right-hand towel rail.

Top basins for combination

Altiro, Kandy, Lokum, Varmega, Tinto, Bol, Bulkan, Bica, Talea, Carla, Loop, Cozy, Venice, Dune.

Gross weight (kg)	15	20	23	30

Technical Characteristics

Vanity tops manufacturing (22 mm):

Compact natural stone vanity top custom machined to the furniture models and combinations with vanities from the Uniiq series.

Compact natural stone

This is a product that perfectly combines nature and technology. Composition of 95% natural crushed marble and 5% resins and colourant.

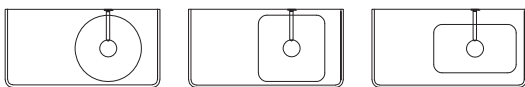

The vanity tops come with a $\varnothing 70$ machined hole in the right position for the sink and 3 pre-marked $\varnothing 35$ holes to each side for using a tall tap.

These need not be drilled when using a wall tap.
